## ACCREDITATION CERTIFICATE

**TESTING LABORATORY**  
**No. 0612**

**Ayerst Environmental Ltd**

is accredited in accordance with the recognised International Standard ISO/IEC 17025:2005  
General Requirements for the competence of testing and calibration laboratories.

This accreditation demonstrates technical competence for a defined scope as detailed in and at the locations specified in the schedule to this certificate, and the operation of a laboratory quality management system (refer joint ISO-ILAC-IAF Communiqué dated January 2009).

The schedule to this certificate is an essential accreditation document and from time to time may be revised and reissued by the United Kingdom Accreditation Service. The most recent issue of the schedule of accreditation, which bears the same accreditation number as this certificate, is available from the UKAS website [www.ukas.com](http://www.ukas.com).

This accreditation is subject to continuing conformity with United Kingdom Accreditation Service requirements. The absence of a schedule on the UKAS website indicates that the accreditation is no longer in force.

A handwritten signature in blue ink, appearing to read 'P. A. Wood', is written over a horizontal line.

Dear Customer,

Please find enclosed a revised copy of your ISO/IEC 17025 UKAS Accreditation Certificate. UKAS is currently in the process of issuing revised Accreditation Certificates to all UKAS ISO/IEC 17025 accredited testing and calibration laboratories. These Certificates are being revised as the year of the joint ISO-ILAC-IAF Communiqué stated on the certificate should read 2009 instead of 2005.

If you require further copies of your Accreditation Certificate(s) please submit a request to [info@ukas.com](mailto:info@ukas.com) Please include the number of copies that you require and your UKAS accreditation number(s) in your email.

Yours sincerely

Jeff Ruddle  
Operations Director
